

# Notice to City of Cape May Water Customers...

All water mains serving the City of Cape May will be “flushed” to remove build up of rust and sediment in the pipes, thereby improving water quality, between Monday, March 28 & Tuesday, April 12, 2016, 7a.m. to 4p.m. as shown below.

While flushing does not cut off the supply of water, it does “stir up” rust.

Customers should draw water for essential use before flushing in your area.

# 2016 Water Main Flushing Schedule March 28-April 12
